

UDAY SONI

udaysoniofficial@gmail.com | [Uday.Soni](#) | [Portfolio](#) | (+91) 9574618470 | Bangalore, India

Executive Summary

Results-driven Full-Stack Cloud Software Engineer with 3+ years of experience in designing, developing, and deploying **cloud-native** web applications using **.NET, C#, and React**. Proven track record in **scalable microservices architecture** and leading full-stack solutions from concept to deployment. Skilled in **Azure PaaS, RESTful API integration**, and **CI/CD pipelines** to ensure high performance and efficiency. Experienced in agile environments with expertise in **DevOps, system performance optimization**, and mentoring development teams.

Skills

- **Languages & Frameworks:** .NET Core, C#, ASP.NET MVC, LINQ, Entity Framework, REST APIs, Java, JavaScript
- **Cloud Technologies:** Azure PaaS (App Services, Azure Storage, Key Vaults, Application Insights), CI/CD pipelines
- **Web Technologies:** HTML5, CSS, TypeScript, OAuth, SOAP, JSON, XML, React, WebAPI
- **Database Management:** SQL Server, Stored Procedures, Database Design, Optimization
- **DevOps & Version Control:** Git, JIRA, Automation Testing, Unit Testing, Azure DevOps
- **Development Practices:** Agile/Scrum, Microservices, RESTful Services, Full-stack development

Professional Experience

Cloud Software Engineer

Danske IT (Rebadged Infosys) | Bangalore

*Jan 2022 – Present**

- **Developed and deployed** production-ready, **scalable web applications** using **.NET Core, C#, and Azure**.
- Spearheaded the design and integration of **REST APIs for lifecycle management**, improving **security** and **operational efficiency**.
- Improved system performance by **10x** through **microservices architecture, multithreading, and data flow optimization**, reducing resource utilization.
- Integrated **Azure services** like App Services and Storage, achieving a **20% reduction in system downtime**.
- **Implemented CI/CD pipelines** in **Azure DevOps**, enhancing deployment speed and code quality.
- Led **full-stack solutions** for web applications, ensuring adherence to **RESTful API development best practices**.
- Collaborated with cross-functional teams to enhance **DevOps practices** and ensure smooth deployment.
- Transitioned from intern to full-time, making substantial contributions to **cloud engineering and compliance**.

Software Engineer Intern

UBS Bank Group | Pune

Jul 2021 – Sept 2021

- Developed **full-stack web applications**, focusing on **backend services** using **SpringBoot** and **Java**.
- **Optimized stored procedures** and **reduced database calls**, resulting in a **40% efficiency improvement**.
- Contributed to **microservices architecture**, enhancing **API integration** with external systems and **cloud services**.
- Collaborated with QA to write **unit tests** using NUnit, achieving **95% code coverage**.

Education

Bachelor of Technology in Computer Science and Engineering

Vellore Instituted of Technology | Amaravathi

April 2022

CGPA: 8.83/10
